

CSS Adjustment

Written by Administrator

Some Joomla templates are not as fine tuned as desired. The polling component template the result texts are not aligned with the title. By adding the following CSS code, the polling module is aligned:

```
.componentheading {  
margin: 0;  
font-family: Verdana, Arial, Tahoma, sans-serif;  
font-size: 14px;  
text-align: left;  
color: #7FACFF;  
font-weight: bold;  
padding: 0 0 10px 10px;  
}  
.contentpane {  
padding: 0 0 0 10px;  
}
```

Notice the padding is adjusted to properly reflect the alignment of the texts.
